How would our thought process change if we measured our lives in days, instead of in years? Smith decided to put this concept to the test-- and walked away with life-changing information. He reveals a simple plan that will allow you to master your life, starting right now.

The day for change is today and it's more simple than you realize. Most people sleepwalk through day-to-day life, passively letting time slip away. Unfortunately, the only thing that can usually wake people up to the intensity of life is impending death. But what if it didn't have to be that way? 20,000 Days presents breathtakingly simple strategies and concepts that, once applied, will enable readers to be 100% present and intentional with every passing minute of every day, for the rest of their lives. The book is designed to be read in under an hour and the effect is immediate. Within each segment are tactics for mastering control for your life; principles such as: Motivation is a myth You only have two choices, yes and no How to conquer rejection forever How BECOMING the problem will SOLVE all your problems Three sentences that will change your life immediately These timeless principles apply to everyone from the pending graduate to the seasoned business professional; from the time-starved parent to the weary pastor to the restless entrepreneur. On the 20,000th day of his life, the author sent an email that inspired and reminded a group of people of all ages to live in the moment. This group now includes you.

Roger's friend Kenneth uses an unusual sea vehicle of his own design to take them to an underwater cave, where a cache of old loot gathered by the mermaids turns out to contain a lot of very valuable old baseball cards.

Filled with unique ideas, this book will help you create your own list and then develop a plan of action, from maintaining a digital diet to planning a trip to magnificent locales that demonstrate God's glorious creation, to turning up the music and having a dance party in your kitchen.

From the best-selling author of A Vast Conspiracy and The Run of His Life comes Too Close to Call--the definitive story of the Bush-Gore presidential recount. A political and legal analyst of unparalleled journalistic skill, Jeffrey Toobin is the ideal writer to distill the events of the thirty-six anxiety-filled days that culminated in one of the most stunning Supreme Court decisions in history. Packed with news-making disclosures and written with the drive of a legal thriller, Too Close to Call takes us inside James Baker's private jet, through the locked gates to Al Gore's mansion, behind the covered-up windows of Katherine Harris's office, and even into the secret conference room of the United States Supreme Court. As the scene shifts from Washington to Austin and into the remote corners of the enduringly strange Sunshine State, Toobin's book will transform what you thought you knew about the most extraordinary political drama in American history. The Florida recount unfolded in a kaleidoscopic maze of bizarre concepts (chads, pregnant and otherwise), unfamiliar people in critically important positions (the Florida Supreme Court), and familiar people in surprising new places (the Miami relatives of Elián González, in a previously undisclosed role in this melodrama). With the rich characterization that is his trademark, Toobin portrays the prominent strategists who masterminded the campaigns--the Daleys and the Roves--and also the lesser-known but influential players who pulled the strings, as well as the judges and justices whose decisions determined the final outcome. Toobin gives both camps a treatment they have not yet received--remarkably evenhanded, nonpartisan, and entirely new. The post-election period posed a challenge to even the most zealous news junkie: how to keep up with what was happening and sort out the important from the trivial. Jeffrey Toobin has now done this--and then some. With clarity, insight, humor, and a deep understanding of the law, he deconstructs the events, the players, and the often Byzantine intricacies of our judicial system. A remarkable account of one of the most significant periods in our country's history, Too Close to Call is endlessly surprising, frequently poignant, and wholly addictive.

"Like A Wrinkle in Time (Miranda's favorite book), When You Reach Me far surpasses the usual whodunit or sci-fi adventure to become an incandescent exploration of 'life, death, and the beauty of it all.'" —The Washington Post This Newbery Medal winner that has been called "smart and mesmerizing," (The New York Times) and "superb" (The Wall Street Journal) will appeal to readers of all types, especially those who are looking for a thought-provoking mystery with a mind-blowing twist. Shortly after a fall-out with her best friend, sixth grader Miranda starts receiving mysterious notes, and she doesn't know what to do. The notes tell her that she must write a letter—a true story, and that she can't share her mission with anyone. It would be easy to ignore the strange messages, except that whoever is leaving them has an uncanny ability to predict the future. If that is the case, then Miranda has a big problem—because the notes tell her that someone is going to die, and she might be too late to stop it. Winner of the Boston Globe–Horn Book Award for Fiction A New York Times Bestseller and Notable Book Five Starred Reviews A Junior Library Guild Selection "Absorbing." —People "Readers ... are likely to find themselves chewing over the details of this superb and intricate tale long afterward." —The Wall Street Journal "Lovely and almost impossibly clever." —The Philadelphia Inquirer "It's easy to imagine readers studying Miranda's story as many times as she's read L'Engle's, and spending hours pondering the provocative questions it raises." —Publishers Weekly, Starred review

Why are so many Christians stagnant in their faith? Why do we often live as though the gospel stops at the moment of conversion? The good news of Jesus doesn't stop the moment we get saved. In fact, salvation is only the beginning of God's work in our lives. We often view salvation as the ending point; it's really the beginning point. The gospel of Jesus doesn't only justify us; it sanctifies us. When we receive the Holy Spirit at salvation, an incredible work begins to happen in us: we begin to bear fruit. When we are firmly planted in the gospel and committed to growing in Christ, He produces in us the fruits of the Spirit, the marks of a true Christian. In Bearing Fruit, Robby Gallaty walks us through the life of the Christian. Biblical, intentional, and practical, Bearing Fruit points our hearts to the gracious God who called us, justified us, and is now sanctifying us by the work of his Holy Spirit.

Incredible 159-day escape from the infamous Bataan Death March and harrowing voyage across the enemy-held Pacific in a leaky, wooden boat during World War II.

When an unidentified 'monster' threatens international shipping, French oceanographer Pierre Aronnx and his unflappable assistant Conseil join an expedition organized by the US Navy to hunt down and destroy the menace. After months of fruitless searching, they finally grapple with their quarry, but Aronnx, Conseil, and the brash Canadian harpooner Ned Land are thrown overboard in the attack, only to find that the 'monster' is actually a futuristic submarine, the Nautilus, commanded by a shadowy, mystical, preternaturally imposing man who calls himself Captain Nemo.

New Abridged, Shortened, and Professionally Edited Version I've listened to your feedback and streamlined to give you the ULTIMATE guide to writing fast - and now you can read it fast too!
