Packager NX is a tool for IT managers to customize and package printer drivers. Customizing allows them to control employees' printer driver settings.

This collective work identifies the latest developments in the field of the automatic processing and analysis of digital color images. For researchers and students, it represents a critical state of the art on the scientific issues raised by the various steps constituting the chain of color image processing. It covers a wide range of topics related to computational color imaging, including color filtering and segmentation, color texture characterization, color invariant for object recognition, color and motion analysis, as well as color image and video indexing and retrieval. Contents 1. Color Representation and Processing in Polar Color Spaces, Jesús Angulo, Sébastien Lefèvre and Olivier Lezoray. 2. Adaptive Median Color Filtering, Frédérique Robert-Inacio and Eric Dinet. 3. Anisotropic Diffusion PDEs for Regularization of Multichannel Images: Formalisms and Applications, David Tschumperlé. 4. Linear Prediction in Spaces with Separate Achromatic and Chromatic Information, Olivier Alata, Imtnan Qazi, Jean-Christophe Burie and Christine Fernandez-Maloigne. 5. Region Segmentation, Alain Clément, Laurent Busin, Olivier Lezoray and Ludovic Macaire. 6. Color Texture Attributes, Nicolas Vandembroucke, Olivier Alata, Christèle Lecomte, Alice Porebski and Imtnan Qazi. 7. Photometric Color Invariants for Object Recognition, Damien Muselet. 8. Color Key Point Detectors and Local Color Descriptors, Damien Muselet and Xiaohu Song. 9. Motion Estimation in Color Image Sequences, Bertrand Augereau and Jenny Benois-Pineau.

The Book Journey Mentor's Guide to Self-Publishing Workbook is a comprehensive blueprint to publishing your book with ease and confidence. This guide will equip you with the knowledge, tools and resources you need to create, publish, distribute, promote and market your book successfully as well as help you develop your mindset for success.

An Intellectual History of Psychology, already a classic in its field, is now available in a concise new third edition. It presents psychological ideas as part of a greater web of thinking throughout history about the essentials of human nature, interwoven with ideas from philosophy, science, religion, art, literature, and politics. Daniel N. Robinson demonstrates that from the dawn of rigorous and self-critical inquiry in ancient Greece, reflections about human nature have been inextricably linked to the cultures from which they arose, and each definable historical age has added its own character and tone to this long tradition. An Intellectual History of Psychology not only explores the most significant ideas about human nature from ancient to modern times, but also examines the broader social and scientific contexts in which these concepts were articulated and defended. Robinson treats each epoch, whether ancient Greece or Renaissance Florence or Enlightenment France, in its own terms, revealing the problems that dominated the age and engaged the energies of leading thinkers. Robinson also explores the abiding tension between humanistic and scientific perspectives, assessing the most convincing positions on each side of the debate. Invaluable as a text for students and as a stimulating and insightful overview for scholars and practicing psychologists, this volume can be read either as a history of psychology in both its philosophical and aspiring scientific periods or as a concise history of Western philosophy's concepts of human nature.

Dozens of practical exercises and easy to perform techniques for banishing negative thoughts before they take hold Whether you're trying to overcome anxiety and depression, boost self-esteem, beat addiction, lose weight, or simply improve your outlook, cognitive behavioural therapy (CBT) offers a practical, sensible approach to mastering your thoughts and thinking constructively. In this updated and expanded edition of the companion workbook to their bestselling Cognitive Behavioural Therapy For Dummies, professional therapists Rhena Branch and Rob Wilson show you, step-by-step, how to put the lessons provided in their book into practice. Inside you'll find a huge number of hands-on exercises and techniques to help you remove roadblocks to change and regain control over your life. Cognitive Behavioural Therapy Workbook For Dummies, Second Edition: Develops the ideas and concepts that presented in the bestselling Cognitive Behavioural Therapy For Dummies, Second Edition and provides exercises to put those ideas into practice Features a range of hands-on CBT exercises and techniques for beating anxiety or depression, boosting your self-esteem, losing weight, or simply improving your outlook on life Rhena Branch and Rob Willson are CBT therapists at the Priory Clinic in London, and the authors of Cognitive Behavioural Therapy For Dummies.

'You will perform miracles and cast out demons and evil spirits in my name, ' said the Lord to layman Jerry Leonard. At first, Jerry refused because he knew that people are persecuted in that type of ministry. But the Lord persisted, and Jerry relented, and That's No Problem for the Lord! is his story of healing and deliverance. The Lord has used Jerry in many miraculous ways, and Jerry posits that he can and will use anyone who is a willing vessel. Every time someone comes to Jerry for prayer, he proclaims, 'That's No Problem for the Lord, ' and this book proves that it truly isn't.

Superstar artist David Finch (WONDER WOMAN) completes his run on the Dark Knight in BATMAN VOL. 3: I AM BANE, the stunning new chapter in writer Tom King's (THE SHERIFF OF BABYLON) wildly acclaimed Batman saga. He is not a joke. He is not a riddle. He is not a bird or a cat or a penguin, not a scarecrow or a plant or a puppet. He is not a fairy tale or a circus act, a broken friend or a regretful mentor. He is no rich boy pretending to be a knight. He is Bane. The Batman invaded his home, scarred his mind and broke his back. Now Bane has returned to Gotham City for a single purpose: break the Batman once and for all. But first, he'll destroy everyone the Dark Knight has ever loved or loathed. The young heroes who've worn the mantle of Robin. The cops, crime-fighters and vigilantes who make up Batman's army of allies. Even the madmen and monsters that haunt the halls of Arkham Asylum. Batman will need all of their help—and more—to fend off this unstoppable challenger. Because both Bane and Batman know one thing: only one of them will walk away from their final confrontation unbroken. Collects stories from BATMAN #16-20, 23-24 and BATMAN ANNUAL #1.
