the accrued wisdom and experience of its established authors with the latest research based insights to help students apply what is on the page to the world beyond. 'Spotlight on Community Policing Practice' sections feature real-life community policing programs in various cities, and problem-solving case studies cover special topics. The text has been revised throughout to include the most current developments in the field such as how the current climate of suspicion associated with terrorism threats affects the trust so necessary for community policing, and how the newest technologies can be harnessed to facilitate police interactions with citizens. Additionally, the book now explores the fragmentation of authority and emphasizes the importance of

students with a solid foundation in criminal investigation. Ask your sales representative for discount bundle pricing and ISBN information.

-Criminal Investigation Workbook, by Aric Dutelle -Basic Laboratory Manual for Forensic Science, by Ann Wolbert Burgess -Laboratory Manual for Criminalistics and Forensic Science, by Sherry T. Brown Key Features:

- Chapters have been reorganized, and some combined, to include new up-to-date and relevant material.
- Readers will learn how investigations are connected to a team that is much larger than those charged with the investigation of the crime, which includes first responders, forensic personnel, and prosecutors.
