BOOK 5 in the Wallace of the Secret Service Series. Sir Leonard is not the man to desire fame or notoriety. His chronicler has been forced to fall back on office records and information supplied by various members of the secret service, to tell of the struggles of Wallace and his intelligence officers and their battles against the Soviet Union, terrorism and subversion in the British Empire, Nazi Germany and the tentacles of global organised crime.

A beautiful woman is found brutally murdered in her bed. The usual suspects are arrested by the Police until an odd-ball amateur sleuth starts to investigate. Something about the murder does not sit right with him. To start with, the victim – Rupali, a regular

housewife living in marital bliss. But is that the truth? Why would someone murder her and why did she meet such a gruesome end? Who, in reality, was she? Introducing Major Bartaman Bhowmick, Southern Command of the Indian Army. Peace-time army life and supportive seniors allow Major Bhowmick to indulge in his hobby and passion – crime detection. His sharp investigative talents are highly valued by his cousin, an ACP in Pune. Robin Chowdhury is a city crime reporter, whose combination of keen intellect, attractive looks and affinity for all things tech, makes her a great sidekick for the Major. This book is as much about Rupali's astounding story as her murder and Major Bhowmick and Robin's investigation into the murder with its surprising conclusion.
