Mind of a Survivor is packed with adventures from the frozen tundra, sweltering deserts, humid jungles, perilous mountains and fast-flowing rivers and looks at the reasons why expeditions run into trouble. Bad weather, the lack of food or the presence of predators obviously play a huge part, but the greatest dangers come from within.

Mind of a Survivor. If you've seen any of those adventure and survival shows on TV, as you can imagine, there are more people than just the presenter that is needed to get the film crew there safely and back. And then there are the programmes where celebrities are taken into the wild. These aren't people used to the environments, and they must be guided safely over difficult terrain.
