A little fox is in a big bad mood, and is worried that its mother won't love it forever. In this beautiful and lyrical picture book we see a clever and resourceful mother prove to her child that a parents love is limitless - no matter what! In this reassuring and warm picture book the hugely talented Debi Gliori manages to treat the familiar subject of childhood worries in a very fresh, original and inventive way. 'this is an instant childhood classic for anyone over the age of three' Independent On Sunday 'the literary equivalent of a big hug' The Times 'With gentle rhyming text, humorous pictorial detail and themes which can be explored and re-explored, this is a brilliant gem of a book.' The Guardian Brilliantly read by Amelia Fox. Please note that audio is not supported by all devices, please consult your user manual for confirmation.

Don't miss out on this quick, clean, cozy mystery that will keep you guessing until the end! It's St. Patrick's Day and 20-year-old Emma Wright is working hard at training five-month-old Molly, her foster puppy, to become a therapy dog. But her training coach and neighbor gets an emergency call, cutting the lesson short, and Emma volunteers to pick up her daughter at a St. Patrick's Day concert in town. When Emma arrives, the concert has just finished up, and the teenage girls are visiting with the band. Then the lead singer stumbles and falls to the ground, dead. Emma becomes the only level head in the crowd and calls for help. When the Sheriff and Colby arrive, they investigate it as a potential accident. But Emma finds subtle clues that something more sinister is going on. Did the leader of the band die in an accident, or was it murder?

Absurd fairy tales, very sensibly told There once was a good little devil - did you read that right? Yes you did: not a wicked little devil but a good one, and boy, was he in a fix! Instead of doing bad things like forgetting his homework and playing tricks on his teachers, this little devil kept trying to be good. He did all his homework - and sometimes enjoyed it! He was never rude and he even encouraged sinners to say sorry. His parents were at their wits' end. So the little devil struck out on his own. On his quest to learn to be good, our little devil meets all kinds of people, from priests to police and from the Pope in Rome to Little Jesus himself. But will the angels let a little red devil with black horns into Heaven? In these thirteen tales, clever young people find nifty ways to overcome greedy kings, wicked witches, unlucky spells and even silly names. And there's a big dash of magic to help them on the way! In these tales, the giants, witches and mermaids of traditional fairy tales leap from the page, animated by a very modern spirit. Blessed with a healthy disrespect for authority, the author took great pleasure in upsetting the natural order of the fantastic.

Singing Times Tables Book 2 by Helen MacGregor and Stephen Chadwick uses rhythmic raps, songs and chants to transform learning the times tables - whether it's rote learning, applying calculations or testing them. For times tables with a special x factor, these contemporary, cool songs are the place for kids to start. Higher standards in maths are getting an extra push from the Department for Education with a target for pupils to know their times tables up to 12x12 by age 9. In **Singing Times Tables Book 2**, children develop a secure knowledge of all the times tables up to x12. By rapping or singing to lively performance and backing tracks they rote learn the tables, then they apply the calculations in real life situation songs and chants. The last section offers question and answer tests - a handy assessment tool for teachers.

Tu n'arrives pas à retenir tes tables de multiplication ? Tu veux devenir un champion du calcul mental ? Tu veux faire des maths en t'amusant ? Ce petit livre est fait pour toi ! Literary Nonfiction. Memoir. Disability Studies. Self-help. Philosophy & Spirituality. Essay. Theater. Translated from the French by Michael Eskin. Foreword by Matthieu Ricard. Alexandre Jollien, who is the first and only major thinker and spiritual teacher in the history of philosophy to have been born with cerebral palsy, tells the story of how he grew up in a home for the severely disabled and was destined to roll cigars; how he discovered philosophy, which changed his life forever, helping him to confront his fate,

endow it with meaning, and turn his disability into a source of strength and creative energy; how, against all odds, he fought his way out of the home and into high school and university, where as an undergraduate he wrote IN PRAISE OF WEAKNESS... Imbued with human warmth and wisdom, this modern Socratic dialogue is a poignant testament to the inestimable value of friendship, the power of imagination, and the will to overcome. A book that inspires and gives courage. "Alexandre Jollien proves that despite being born severely disabled it is still possible ... to construct a personality, build a family, and, most astonishingly of all, to become a philosopher, whose body of work has already been translated into German, Spanish, Italian and Japanese ..." --L'Express ..". a remarkable philosophical work, concise and joyful ... a message delivered from another realm ..." --Liberation "IN PRAISE OF WEAKNESS ... takes a fresh and insightful look at the nature of difference and the adaptive capacity of man." --The Irish Times
