Scientific writing and communication needs to take care of a wide range of audience, from students and researchers to experts. The main objective of this book is to offer the basics of scientific writing and oral presentation to students and researchers working for their M.Phil. and Ph.D. degrees in science subjects. This book provides information on how to write research reports (theses, papers for publication, etc.,) and to prepare for poster and oral presentation at conferences and scientific meetings. The book also offers guidelines for preparing proposals for research projects.

entrance examinations of AIIMS. The material is prepared after a thorough scanning of the latest textbooks, journals and research.

Provides the latest solved AIIMS, PGI, PSC (DENTAL) and recent pattern examination papers. This edition is fully update with and includes memory-based questions with concept-based explanations with references.

The seed can be considered the most important plant reproductive element, as a dispersal unit for a successful reproduction in all gymnosperms and flowering plants. The formation of the seed is part of the process of reproduction in seed plants, starting with a mature ovule and following with the fertilization by pollen and some growth within the mother plant to the final outcome of an embryo developed from the zygote, the seed coat from the integuments of the ovule, and a nurturing endosperm in several species. Thanks to this key element as it is the seed, the spermatophytes now dominate all types of biological niches on land, from forests to grasslands, both in hot and cold climates. In this metadata information era, we have the chance for a deeper understanding of seed physiological and developmental processes in order to provide the fundamental basis for making plant (seed) biology research relevant and productive, coping with future challenges.

The 2nd edition of this book covers the entire question papers from 2007 to 2018 of JK PSC. The explanations to these questions have been provided in such a manner that they cover NEET exams, AIIMS, PGI, JIPMER, DNB and other important post-graduate

# File Type PDF Pgi Mds Papers

exams as well. The inclusion of high yielding facts in the form of NEET EDGE has added a new dimension to this book. The explanation and NEET EDGE have been updated based on latest guidelines and updates. In addition, important expected question for NEET and PSC have been added to make book more useful. In this edition two senior faculty members from prestigious Sher-I-Kashmir Institute of medical sciences, Dr. Cimona L Saldhana and Dr. Muzzafer Wani have contributed in Obs/gynae and nephrology respectively besides reviewing other questions as well. The contribution of Dr. Suhail Naik is immense in the subject of paediatrics. In addition, senior residents from GMC Sri Nagar, SKIMS medical college Bemina have also revised their respective subjects. The feedback I received from 1st edition really motivated me to come up with this edition. I am sure that this book will live upto its expectations and help students in their exams. An important thing for all exams is that approximately 15 to 25% questions are repeated in one form or the other so keeping this thing in mind I have highlighted all questions which were repeated. Feedback from 1st edition This book is very much helpful for state aspirants and also for medicos preparing for neet exams. I personally recommend every Medico to go through this book before such exams. -DR. TABASSUM SAMOON SKIMS Very nice and helpful book for JK PSC and other state exam. Easy language and good retention. Precise and very informative explanations of every question. -DR. UMER SKIM The best book you will find for JK PSC medical exams... if you have this you are going to score well in NEET and JK PSC exams for sure... A MUST HAVE BOOK. -DR. YAMIN SKIM

This preparatory manual is a single source reference for postgraduate exam preparation. Intense efforts have gone in preparation of the book to make it complete in all aspects. In-depth

# File Type PDF Pgi Mds Papers

coverage of every subject in the form of synopsis is the highlight of the book. To enhance rapid reading, quick learning facts have been framed as an effective learning tool. Multiple-choice questions have been designed to suit both national and international competitive postgraduate entrance examinations.
