In language of great strength, simplicity, and beauty, poet R. S. Thomas explores his often-prophetic themes: technology and our use of it to destroy nature and rural life; the search for self and for meaning; and the quest for and dialogue with God. Originally published to mark the author's 80th birthday, it confirms him as a pre-eminent poet. "Read these poems."--Stephen Spender. "This is a book I've been waiting for."--Ted Hughes. In language of great strength, simplicity, and beauty, poet R. S. Thomas explores his often-prophetic themes: technology and our use of it to destroy nature and rural life; the search for self and for meaning; and the quest for and dialogue with God. Originally published to mark the author's 80th birthday, it confirms him as a pre-eminent poet. "Read these poems."--Stephen Spender. "This is a book I've been waiting for."--Ted Hughes.

This volume celebrates the work of the Welsh poet R S Thomas (1913-2000) and illuminates the theological implications of this famous twentieth-century poet-priest's pilgrimage. By providing detailed readings of individual poems, Davis explores the depth and imagination of Thomas's profound theological vision.

Chameleon Poet book goes against the grain of previous readings of the Welsh poet and nationalist R.S. Thomas by revealing him as profoundly indebted to the modes, traditions, and personae of the English literary canon.

This book is one philosopher's response to the poetry of R. S. Thomas. It examines the poet's struggle with the possibilities of sense in religion: R. S. Thomas has described his poetry as an obsession with the possibility of having 'conversations or linguistic confrontations with ultimate reality'. Some attempts at giving meaning to religious belief cannot withstand the assaults of criticism. In R. S. Thomas's verse, however, there emerges a hard-won celebration of the worship of a hidden God; a rare achievement in contemporary poetry. In plotting the course of the development of the poetry, the book brings out its many similarities with the thrusts and counter-thrusts of argument in the philosophy of religion in the second half of the twentieth century. The book should be of interest not only to admirers of R. S. Thomas, but to philosophers, theologians, students of literature, and to anyone concerned with questions concerning the sense or senselessness of religious belief.

R. S. Thomas is the author of 20 collections of poetry, a writer of international repute, and the subject of increasing critical and academic interest. The Poetry of R.S. Thomas was the first critical work about him, an invaluable volume which has yet to be surpassed. Its author has taken the opportunity to completely revise

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. Christopher Morgan writes with keen critical insight on the controversial poet R. S. Thomas, considered to be one of the leading writers of the twentieth century. This is the first book to treat Thomas's entire oeuvre and will prove to be an indispensable guide and companion to the complete poems. The book is divided into three parts, each of which interprets the development of a major theme over Thomas's twenty-seven volumes, probing particular themes and particular poems with a meticulous insight. The book also treats Thomas's work as a complex and interrelated whole, as a body of work that comprises a single artistic achievement, and assesses that achievement within the context of an array of major literary figures from Montaigne to Seamus Heaney and Wallace Stevens. R. S. Thomas: Identity, environment, deity proves invaluable as a beginner's introduction to the Welsh poet, as a student's guide to critical thinking about the poet's work, and as a provocative new step in scholarly studies.

A best of R.S. Thomas's poems in a beautiful new gift edition R. S. Thomas (1913- 2000) was born in Cardiff. He studied classics, then theology and, after ordination, served six rural Welsh parishes for most of his life. His first book of poems was published in 1946. He won the Queen's Gold Medal for Poetry in 1964 and published regularly, Collected Poems 1945-90 marking his eightieth birthday.

R S Thomas is accepted, along with Ted Hughes, Philip Larkin and Seamus Heaney, as one of the great post-war British poets. All his life, he was a minister in the Church of Wales, at a succession of increasingly remote country parishes. This is a hilarious story of this man's life, and that of his household.
