Mende Nazer lost her childhood at age twelve, when she was sold into slavery. It all began one horrific night in 1993, when Arab raiders swept through her Nuba village, murdering the adults and rounding up thirty-one children, including Mende. Mende was sold to a wealthy Arab family who lived in Sudan's capital city, Khartoum. So began her dark years of enslavement. Her Arab owners called her "Yebit," or "black slave." She called them "master." She was subjected to appalling physical, sexual, and mental abuse. She slept in a shed and ate the family leftovers like a dog. She had no rights, no freedom, and no life of her own. Normally, Mende's story never would have come to light. But seven years after she was seized and sold into slavery, she was sent to work for another master—a diplomat working in the United Kingdom. In London, she managed to make contact with other Sudanese, who took pity on her. In September 2000, she made a dramatic break for freedom. Slave is a story almost beyond belief. It depicts the strength and dignity of the Nuba tribe. It recounts the savage way in which the Nuba and their ancient culture are being destroyed by a secret modern-day trade in slaves. Most of all, it is a remarkable testimony to one young woman's unbreakable spirit and tremendous courage.

In this groundbreaking modern slave narrative, Francis Bok shares his remarkable story with grace, honesty, and a wisdom gained from surviving ten years in captivity. May, 1986: Selling his mother's eggs and peanuts near his village in southern Sudan, seven year old Francis Bok's life was shattered when Arab raiders on horseback, armed with rifles and long knives, burst into the quiet marketplace, murdering men and women and gathering the young children into a group. Strapped to horses and donkeys, Francis and others were taken north, into lives of slavery under wealthy Muslim farmers. For ten years, Francis lived alone in a shed near the goats and cattle that were his responsibility. Fed with scraps from the table, slowly learning bits of an unfamiliar language and religion, the boy had almost no human contact other than his captor's family. After two failed attempts to escape—each bringing severe beatings and death threats—Francis finally escaped at age seventeen, a dramatic breakaway on foot that was his final chance. Yet his slavery did not end there, for even as he made his way toward the capital city of Khartoum, others sought to deprive him of his freedom. Determined to avoid that fate and discover what had happened to his family on that terrible day in 1986, the teenager persevered through prison and refugee camps for three more years, winning the attention of United Nations officials and being granted passage to America. Now a student and an anti-slavery activist, Francis Bok has made it his life mission to combat world slavery. His is the first voice to speak for an estimated twenty seven million people held against their will in nearly every nation, including our own. Escape from Slavery is at once a riveting adventure, a story of desperation and triumph, and a window revealing a world that few have survived to tell.

The incredible true story of the last ship to carry enslaved people to America, the remarkable town its survivors founded after emancipation, and the complicated legacy their descendants carry with them to this day—by the journalist who discovered the ship’s remains. Fifty years after the Atlantic slave trade was outlawed, the Clotilda became the last ship in history to bring enslaved Africans to the United States. The ship was scuttled and burned on arrival to hide evidence of the crime, allowing the wealthy perpetrators to escape prosecution. Despite numerous efforts to find the sunken wreck, Clotilda remained hidden for the next 160 years. But in 2019, journalist Ben Raines made international news when he successfully concluded his obsessive quest through the swamps of Alabama to uncover one of our nation’s most important historical artifacts. Traveling from Alabama to the ancient African kingdom of Dahomey in modern-day Benin, Raines recounts the ship’s perilous journey, the story of its rediscovery, and its complex legacy. Against all odds, Africatown, the Alabama community founded by the captives of the Clotilda, prospered in the Jim Crow South. Zora Neale Hurston visited in 1927 to interview Cudjo Lewis, telling the story of his enslavement in the New York Times bestseller *Barracoon*. And yet the haunting memory of bondage has been passed on through generations. Clotilda is a ghost haunting three communities—the descendants of those transported into slavery, the descendants of their fellow Africans who sold them, and the descendants of their American enslavers. This connection binds these groups together to this day. At the turn of the century, descendants of the captain who financed the Clotilda’s journey lived nearby—where, as significant players in the local real estate market, they disenfranchised and impoverished residents of Africatown. From these

parallel stories emerges a profound depiction of America as it struggles to grapple with the traumatic past of slavery and the ways in which racial oppression continue to this day. And yet, at its heart, *The Last Slave Ship* remains optimistic—an epic tale of one community ' s triumphs over great adversity and a celebration of the power of human curiosity to uncover the truth about our past and heal its wounds.

The true story behind the acclaimed movie *12 Years a Slave*, this book is based on the life of Solomon Northup, a free black man from New York who was captured in the United States and sold into slavery in Louisiana. Solomon Northup awoke in the middle of the night with his body trembling. Slowly, he realized that he was handcuffed in a dark room and his feet were chained to the floor. He managed to slip his hand into his pocket to look for his free papers that proved he was one of 400,000 free blacks in a nation where 2.5 million other African Americans were slaves. They were gone. This remarkable story follows Northup through his 12 years of bondage as a man kidnapped into slavery, enduring the hardships of slave life in Louisiana. But the tale also has a remarkable ending. Northup is rescued from his master's cotton plantation in the deep South by friends in New York. This is a compelling tale that looks into a little known slice of history, sure to rivet young readers and adults alike. National Geographic supports K-12 educators with ELA Common Core Resources. "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt
