Discover the Ways of the Spirits And Master the Art of Command and Influence
Profound spiritual insights and powers await beyond the material world. In The Witch's Book of Spirits, Devin Hunter invites you to perform rituals and magic with spirit guides, familiars, angels, the deceased, faeries, and demons. Develop and enhance your relationships to your allies in spirit through soul flight, mediumship, and conjuration. Explore the inner workings of the Witch's Tree as well as the planes and peoples who dwell in its many layers. Expand the scope of your magic with the 33 Spirits, a system transmitted to the author by a special priesthood of spirits, his familiar, Malach, and the goddess Hecate. Working with spirits is the cornerstone of the witch's art. This book shows you how to stay in control as you increase your witch power and deepen your connection to forces seen and unseen. Praise: "Devin covers in depth an elusive side of witchcraft that few have explored in great practical detail...Devin presents the material in a very grounded, no-nonsense approach paired with an inherent sense of responsibility. His understanding of mediumship, conjuring, flying, and working with the spirit world displays the truth that he not only talks the talk, but also walks the walk."—Laura Tempest Zakroff, author of Sigil Witchery "The Witch's Book of Spirits is the most complete book on working with the dead ever written for Witches, but it's more than a manual for communicating with souls of the departed. It's also a guide to the worlds which generally lay just outside of our grasp and a thorough look at the beings that live there. I'd also like to add that it's just a damn fine book about witchcraft, filled with advice and some much-needed common sense."—Jason Mankey, author of The Witch's Book of Shadows "Teaching an art requires a delicate brew of guidance, cautions, and encouragement; Devin Hunter's book hits the right recipe. The Witch's Book of Spirits is a book that captures the author's personal vision and process while providing systems and frameworks that can serve the reader in developing their own way with the spirits."—Ivo Dominguez, Jr., author of Practical Astrology for Witches and Pagans "In this book Devin gives not just the rituals necessary to conjure and communicate with spirits, but the tools for building life with them. He uses a method of teaching that alternates between supplying theory and principals that can be applied by almost anyone, with very specific rituals that he has received from the spirits himself. The result is a text that you will return to over and over again whether you are working his rites or developing your own."—Jason Miller, author of The Sorcerer's Secrets

It is a legacy that will provide magic, beauty, and wisdom to future generations of those who seek the ancient paths of the Old Religion."—Ed Fitch, author of Magical Rites from the Crystal Well "I read Buckland's Complete Book of Witchcraft with much pleasure. This book contains enough information and know-how for all approaches: the historical, the philosophical, and the pragmatic . . . quite entertaining, as much for the armchair enthusiast as for the practicing occultist."—Marion Zimmer Bradley, author of The Mists of Avalon "Never in the history of the Craft has a single book educated as many people, spurred as many spiritual paths, or conjured as much personal possibility as Buckland's Complete Book of Witchcraft."—Dorothy Morrison, author of The Craft
